

SYMPOSIUM® Isis UPGRADES · 2017 US RETAIL PRICE LIST

The modular design of the Isis Rack allows flexibility in design before purchase as well as later modification or expansion. To configure an Isis to your requirements, start with any of the models shown on the front of this page, then add options as needed.

UPGRADE a STANDARD Level: to an ULTRA Level:

Upgrading the 3/4" (1.9cm) thick, one-piece Standard Level to the 1 7/8" (4.75cm) thick, three-part sandwich construction Ultra Level or XT Xtended Top Level provides more damping and isolation. Improvements include improved bass, greater dynamics, and a quieter background, and is recommended for critical front-end components such as preamplifiers and CD players.

Upgrade 21x19 Standard Shelf to 21x19 Ultra shelf: **\$300.00** Upgrade 21x19 Standard top to 24x20 XT Top: **\$400.00**

ADD A LEVEL Expand the Isis Rack with an additional internal level. Standard leg sections are 5" (12.7cm), 8" (20.3cm), 11" (28cm) and 14" (35.5cm).

SHELF ONLY: (Couplers optional): 21x19 Standard: **\$599.00** 21x19 ULTRA: **\$899.00** 24x20 XT Top Level: **\$999.00**

LEGSETS: 5" or 8" Brushed Finish: \$225.00 Deep Black Anodized or Silver (hand polished): **\$325.00**

11" Brushed: \$299.00 Deep Black or Silver: **\$399.00** **14" Brushed: \$349.00** Deep Black or Silver: **\$449.00**

INCREASE SHELF SPACE at time of order *(see Isis Spacing Sheet for clearance with all combinations)*

Standard legset lengths are 8" (20.3cm) and 11" (28cm). 5" (12.7cm) and 14" (35.5cm) lengths are stock sizes. 5" (12.7cm) legs may be substituted for 8" (20.3cm) legs at time of order. Custom length leg sections, including custom lengths longer than 14", are available on special order.

3" increase (Upgrade 8" to 11" or 11" to 14"): **\$100.00**

6" increase (Upgrade 8" to 14"): **\$175.00**

CASTERACK OPTION - NEW! ADDS MOBILITY TO THE Isis WITH STATE OF THE ART "ROLL AND SET" CASTERS.

Casterack system (at time of order): **\$999.00** Please call or email for more information

ROLLERBLOCK MODULES (RMK)

Additional Rollerblock Modules (RMK) increase low frequency isolation, further improve sonics.

One RMK adds 1.75" (4.5cm) of height clearance to the level inside which it is installed.

Note: Weight limitations may apply depending upon rack configuration; call or email for details.

Standard RMK (Rollerblock Module Kit) with Chromium balls: **\$400.00 per set**

Tungsten RMK+ with Super Precision Grade 10 Tungsten balls: **\$475.00 per set**

Grade 10 Tungsten Carbide bearings only: **\$75.00 per set**

RMK Polished

27x22 TURNTABLE TOP *for critical analog or digital turntable isolation*

With new LDSS isolation suspension system for turntables that includes a unique, independent four-zone leveling system, the 27x22 Turntable Top is our premium solution for turntables and top-line digital source components. Teamed with adequate RMK units, the Turntable Top will tame even the severe footfall and bass feedback problems, while eliciting unsurpassed performance from any turntable. It can be leveled independently of the rest of the rack, making it ideal for heavy, off-center components and/or turntables with heavy, separate motors.

27x22 Turntable Top: **\$2499.00**

"SUPER DUTY" for extremely heavy components > 150 lbs (75 kg): \$3499.00

ALIGNMENT / BASE LEVEL

The Alignment or Base Level consists of a Standard Isis shelf element with constrained layer damping. It can be used in middle levels to maintain proper RMK alignment with components weighing more than about 30 kg, or as a bottom base to allow RMK isolation of the bottom level of the Isis Rack.

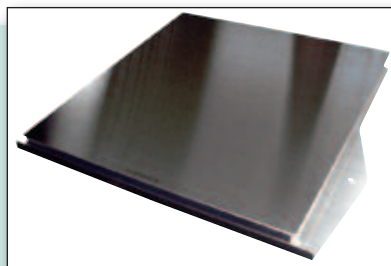

Alignment/Base Level: **\$599.00**

21X23 XL "XTENDED LENGTH" LEVELS

The 23 inch (58.4 cm) deep "Xtended Length" XL shelf will accommodate larger amplifiers without increasing the size of the rest of the rack. The XL shelf is 21" Wide x 23" Deep.

Upgrade 21x19 Standard Level to 21x23 XL: **\$450.00**

Upgrade 21x19 Ultra Level to 21x23 XL: **\$599.00**

Optional Leg and Hardware finishes: SILVER or BLACK

SILVER : Near mirror-finish, hand-polished legs and high-polish Rollerblock cups. **DEEP BLACK**: premium black anodized finish.

EITHER option includes **automatic Grade 10 Tungsten Carbide** upgrades in included Rollerblock Modules (up to 1 RMK with 3 level racks; up to 2 RMK with 4 level racks, and up to 3 RMK with 5 level racks).

Deep Black Package (premium black anodized leg & hardware finish plus G10 Tungsten bearing upgrade): **\$125.00 per level**

Silver Package (Silver finish plus Grade 10 Tungsten Upgrade): **\$150.00 per level**
